

2021 Survey - Capital Improvement Program

Projects in

Rabbit Creek Community Council (RCCC) Area - to be ranked by members, May 2020

2021 Survey	2020 Survey	Project Type - Major funding source	RCCC Comments
		Alaska State (DOT) Projects	
	8 of 9	DeArmoun, 140th--Hillside Dr \$28M	Defer. Issues don't warrant expense. Residents/State of Alaska (SOA) disagree on design
	6 of 9	Elmore at Rabbit Creek (RC) Rd Intersection Safety	Hillside District Plan (HDP) Special Study area--needs a study & accident data.
	2 of 9	Left turn lane RC Rd to Old Seward Hwy, \$250K	RCCC recommended selected turn lanes only, not full length of Rabbit Creek Rd, due to speed
	4 of 9	Goldenview at RC Rd Intersection	Was ranked #1 by DOT's Hillside intersection study needing improvement
	5 of 9	Old Seward Hwy: RC to Potter Valley Dr, rut repair	Rut repair only. Similar to above but not reconstruction
	7 of 9	RC Rd upgrade--Sew Hwy to Goldenview	Speed, safety, path issues; center land won't solve issues
	9 of 9	Abbott Rd/Hillside, RC Rd, to Seward Hwy	Missing links and reconstruction for some areas needed.
		RCCC Projects Added	
	1 of 9	Old Seward --Rabbit Creek to Potter Valley Dr	Add. Project has been high on RCCC's list for 15-20 yrs. No shoulder or path; needs full reconstruction, not repaving. Country Lane status only.
		Municipality of Anchorage (MOA) Projects	
	NR	145th/Metz Ct Drainage \$80K	This is a road service request. Not ranked on 2020 Survey by RCCC.
	NR	164th Upgrade: Goldenview to Betty St, \$3.9M	ROW & drainage issues; RCCC recommended no funding; must consult with road service board
	14/15	Goldenview west:Romania to Potter Valley Rd	In HDP as special study area; coordinate cost & design with developers for adjacent lands
	10/15	Goldenview/Bufalo/Elmore/145th chip seal	Road service board project: pot holes and dust control
	11/15	Little Rabbit Creek flooding/glaciation	Development has resulted in erosion. Need stream bank & channelization improvements
		RCCC - Recommended Projects to Add	
	1 of 15	Hillside: fire prevention & mitigation	Access critical areas. Firewise funds for fuel brakes & access. Need evacuation drill - RCCC area.
	3 of 15	Goldenview Pedestrian/bike path	Separated path needed from RC Rd to Romania
	4 of 15	Mt Air Dr extension	Access needed from RC fire station southward. 2020 bond approved to initiate process..
	5 of 15	Mt Air/Hillside Extenaion	Duplication of project above?
	6 of 15	Hillside Intersections: development capacity, safety	DOT study: GV/RC Rd intersection #1 for needed improvement; duplication of project above?
	7 of 15	Bluebell & Goldenview Improvements	Design completed for dangerous intersection. Funds needed to complete it.
	8 of 15	162nd to Mountain: traffic calming	Traffic on substandard roads & increased development. Secondary access/egress lacking.
	9 of 15	Potter Valley Rd surface rehab: \$3.2 M	Pavement deteriorating.
	12/15	Hillside Project Prioritization	Duplication of 2 projects above? Coordinate MOA/SOA priorities for major intersections
	15/15	House District 27 residential pavement rehab	Deteriorating pavement & drainage work on local roads & possibly trails
		Parks/Rec (MOA) Projects	
	NR	Areawide trail safety upgrades	Upgrades needed on major greenbelt trails, lighting, missing links, emergency locators, bridge repair
	NR	Campbell Cr Trail: crossing at Lake Otis \$12M	Separated elevated bridge over Lake Otis Blvd to connect E to W. Design study completed 2019
	NR	Campbell Cr Greenbelt, \$1.5M	Pavement repair, lighting, bridge repair, signage. State grants pending.
	2 of 15	Chugach State Park Access Improvements, \$500K	Design/construct access identified in Chugach State Park Access Study.
	3 of 3	Community Garden Site Selection, Design \$50K	Develop gardens identified in master plans; create management guidelines.
		Dog Park site selections, design \$75K	Identify appropriate dog parks, design and development management guidelines
		Fish Cr Trail to Ocean, \$3.5M	Connect Fish Cr trail to coastal trail to connect Spenard, West Anchorage to downtown
	2 of 3	Forest Health & Park Safety, \$200K	Mitigation of spruce bark beetle kill, hazard tree removal, management of invasive species
	1 of 3	Section 36 Park Improvements, \$400K	Trail development & access. Master plan HAS been adopted.
		Coastal Trail erosion, \$3.5M	Design & implement protedtion for eroding banks along trail corridor
		Wayfinding, \$750K	Design, develop & implement wayfinding for city paved & soft surfact trails
		RCCC - Recommended Projects to Add	
	NR =	Not on 2020 Suvey, not ranked
