Tanya Lieberman, Deputy Director

Eagle River/Chugiak Parks and Recreation, Municipality of Anchorage

Re: Letter of Support for West Beach Lake Trail

Dear Ms. Lieberman:

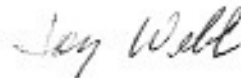

On April 12, 2023, at the regularly scheduled public meeting of the Eagle River Valley Community Council, community members voted unanimously to support a proposal presented by Chugach Mountain Bike Riders (CMBR) to improve the West Beach Lake Multiuse Trails. The Council embraced the upgrade of existing hiking trails on the west side of Beach Lake; the installation of chicanes, signage and fencing for a year-round at-grade crossing of mushing trails which will improve the safety of all users; and provide beach access to Knik Arm.

CMBR's proposal comports with the Beach Lake Master Plan. It will address the long-standing Beach Lake Park issue of safe access to Knik Arm. It reduces the hazards of people-improperly using mushing trails and accommodates, in the long term, use of the Eagle River and Chugiak communities in the creation of the proposed "Long Trail" from Seward to Fairbanks.

Sincerely,

Julie Jessen  
President,  
Eagle River Valley Community Council

Joy Webb  
Secretary,  
Eagle River Valley Community Council
