

## Turnagain Community Council Resolution to Support a United Way Day of Caring to support the improvement of Didlika Park

Whereas, Friends of Didlika Park submitted an application to the Anchorage Park Foundation for a challenge grant to fund park improvements,

Whereas, the Anchorage Park Foundation granted \$20K in 2006,

Whereas, the Alaska State Legislature has identified \$15K in the capital improvement bill, which, assuming that this portion of the bill remains when it is signed by the Governor, can be used as a portion of the matching funds for this project.

Whereas, approximately \$1,200 has been contributed by donors,

Whereas, labor can be used as a match for this grant to reach the full match,

Whereas, labor from the United Way Day of Caring program can be utilized numerous portions of the Didlika Park improvement project in 2007

Whereas, the challenge grant is scheduled to expire in October of 2007,

Therefore, be it resolved, that the Turnagain Community Council support a United Way Day of Caring to provide labor to advance the Didlika Park improvement project and provide a labor match for the Anchorage Park Foundation Grant.
