

## **CITIZENS ADVISORY COMMITTEE CONCEPT 1 – MINIMAL DEVELOPMENT**

### **DRAFT PROGRAM**

*The primary focus of Concept 1 is to upgrade the current trail system to be sustainable and to provide portable toilets and some parking at the trail head. Facilitating connections with other greenbelts and recreation areas is also an essential consideration.*

#### **Trails**

Maintain current level of access and upgrade the existing trails as needed to be sustainable multi-use trails.

Limit trails to Class 2 and 3 trails of low density.

Connect to Storck Park, Bear Valley Elementary School, Chugach State Park, and greenbelts

Provide loop trails where appropriate.

Minimize trails perpendicular to Clark's Road between ridge and Clark's Road to conform to the Orienteering Club's request.

#### **Amenities**

Portable toilet trail head

#### **Parking/Access**

Non obtrusive locations/yet visible and safe

Primary parking at Storck Park

Limited secondary parking at trail head

Adequate for current and future use

#### **Funding**

Wetland banking

Volunteer

Grants

Youth Employment in the Parks
