Eagle River High School was recently awarded a \$1.4 million legislative grant from the State of Alaska for stadium completion and trail lighting projects. The school is hosting a public meeting on August 7th to provide the local community an opportunity to learn more about the scope of these proposed projects. ERHS administration along with an ASD project manager and representatives from USKH will present project details and outline a tentative timeline for development. There will be an opportunity at the meeting for the public to ask questions and provide comments on the proposed improvements. We hope you will consider attending this informational meeting and lending your voice to our planning process.
